

PID Control Lead Free Soldering Station

Product Name:	PID Control Lead Free Soldering Station
Brand:	HEATEX
Model:	969A
Category:	Soldering & DeSoldering Stations

System Includes	Features	Specifications
<ul style="list-style-type: none"> • Microprocessor based power control. • Soldering iron • Stand with cleaning sponge • Cellulose tip cleaning sponge 	<ul style="list-style-type: none"> • Temp Control for accurate and precise temperature • Bright display for clear visibility • Auto tune systems control Closed loop temperature control • Soft On/Off Power switch Modular and compact design • ESD SAFE by design • Quality tips for long life Easy to handle. Different Sized Bits are available. • Monitor Bit temperature intelligently with perfect temperature offset to ensure soldering Quality. • The HEATEX- 969A is an effective solution for LEAD FREE Soldering. • The unit is digitally calibrated through advanced software. Burn Proof silicon cable thermal resistance up to 600 Deg.C 	<ul style="list-style-type: none"> • Input Voltage : 230VAC,50Hz • Soldering Iron: 24VAC,/60W/90W • Temp Range : 180- 480°C • Temperature control accuracy +/- 1 Deg • Tip Leakage Current : < 2 mA • Tip to Ground Resistance : < 2 Ohms • Tip to Ground Leakage Voltage : < 2 mV
