

## Tip Thermometer Solder Iron Tip Digital Tester

<b>Product Name:</b>	Tip Thermometer Solder Iron Tip Digital Tester
<b>Brand:</b>	HAKKO
<b>Model:</b>	FG-100
<b>Category:</b>	Soldering Bits

System Includes	Features	Specifications
HAKKO FG 100 UNIT WITH 10PCS SENSOR PACK	<ol style="list-style-type: none"> <li>1. hakko fg 100 can measure the tip temperature accurately and quickly with CA sensor (Dia 0.2mm).</li> <li>2. The sensor with special metal alloy coating resists corrosion and oxidation.</li> <li>3. Celsius Type only.</li> </ol>	Resolution : 1DEG.C Measuring range : 0-600 DEG.C Accuracy : $\pm 5$ DEG.C (0-500 DEG.C )/ $\pm 8$ DEG .F (500DEG. -600DEG.C ) Sensor : K-type Thermocouple Display : 3.5 digit liquid crystal display a) Battery alarm b) Burnout Room temperature : 0-40 DEG.C Power supply : 9V Battery(Alkaline cell recommended) Battery lifetime : More than 150 hours Dimensions : 160(L)*80(W)*45(H)mm Weight : About 200g
